Autobody 10, A20, B20

Restore Your Ride!

Saskatchewan Distance Learning Centre (Sask DLC) offers three Autobody courses starting with the basics, moving to intermediate and more advanced topics and skills. You will have the opportunity to gain on-the-job **work experience** and apply your knowledge at a local autobody dealership.

Earn high school credit towards graduation and hours toward apprenticeship through a Sask DLC course.

Courses Offered:

Autobody 10 (Full Theory)
Autobody 10 (Theory and Work Placement)
In both courses you will learn about the collision repair industry, safety, design, metal straightening and more!

100 hours theory

75 hours theory and 25 hours work placement

Autobody A20
You will develop repair technique skills for glass, rust damage, contoured surfaces and refinishing.

50 hours theory and 50 hours work placement

Autobody B20
You will advance your knowledge on refinishing, repainting, repair and detailing techniques.

50 hours theory and 50 hours work placement

Supported by Industry

Nothing prepares you for the world like experience. Work Placements provide you with an opportunity to see if a trade might be right for you. This is only possible with the support of our partner, the Saskatchewan Association of Automotive Repairers.

Sask DLC

"It was something I had never done before. I was impressed with how the online theory prepared me beforehand.

The supervisor on-site really took the time to teach me, so I did things properly."

Caley
Autobody 10 Student

Benefits of a Work Placement:

- Hands-on experience with a local employer
- Understanding of industry-standard skills and how to apply them
- Awareness of an industry and related career paths

Fits Your Timetable:

- Study at a pace, time and place that works for you.
- Course notes, instructional videos and resources are accessible 24 hours a day.
- Your teachers are available during regular school hours to answer questions and clarify instruction through email, phone, Teams chats or face- to-face meetings.

Work Towards Apprenticeship

Sask DLC trades courses contribute toward the Sask Youth Apprenticeship (SYA) Program. SYA Program benefits include:

- Up to 300 hours trade-time credit
- First year tuition (Level 1 training) waived at Sask Polytech
- Eligible for SYA scholarships of $1,000

Saskatchewan Apprenticeship and Trade Certification Commission
