

Mechanical & Automotive

What Drives You?

Saskatchewan Distance Learning Centre (Sask DLC) offers five Mechanical & Automotive courses starting with the basics, moving to intermediate and more advanced topics and skills. You will have the opportunity to gain on-the-job **work experience** and apply your knowledge at a local mechanical & automotive dealership.

Earn high school credit towards graduation and hours toward apprenticeship through a Sask DLC course.

Courses Offered:

Mechanical & Automotive 10 (Full Theory)
Mechanical & Automotive 10 (Theory and Work Placement)
In both courses, you will learn the basics of mechanics with safety and small engines, power tools, lubricants and tires.

100 hours theory
75 hours theory and
25 hours work
placement

Mechanical & Automotive A20, B20
You will gain knowledge of bearings, brakes, batteries, radiators, suspension, fuel and electrical systems and more!

50 hours theory and
50 hours work
placement

Mechanical & Automotive A30, B30
Expand your knowledge on charging, ignition, fuel systems, driveshafts, transmissions, transfer cases and hybrid systems.

50 hours theory and
50 hours work
placement

Supported by Industry

Nothing prepares you for the world like experience. Work Placements provide you with an opportunity to see if a trade might be right for you. This is only possible with the support of our partner, Saskatchewan Automobile Dealer's Association.

"After spending time doing mechanic work at the dealership, I have found a new passion.

The dealership supervisor was very encouraging and told me he saw a future for me in mechanics and how they would love to be able to hire me in the future. I have applied at a few dealerships and hoping to be hired as an apprentice soon! "

Nicholas

Mechanical & Auto A20 student

Benefits of a Work Placement:

- Hands-on experience with a local employer
- Understanding of industry-standard skills and how to apply them
- Awareness of an industry and related career paths

Fits Your Timetable:

- Study at a pace, time and place that works for you.
- Course notes, instructional videos and resources are accessible 24 hours a day.
- Your teachers are available during regular school hours to answer questions and clarify instruction through email, phone, Teams chats or face- to-face meetings.

Work Towards Apprenticeship

Sask DLC trades courses contribute toward the Sask Youth Apprenticeship (SYA) Program. SYA Program benefits include:

- Up to 300 hours trade-time credit
- First year tuition (Level 1 training) waived at Sask Polytech
- Eligible for SYA scholarships of \$1,000
