Remote Worker's Name:		
Supervisor's Name:		
Remote Workplace Address:	·	

Date: \_\_\_\_\_

Before remote work begins, the supervisor should verbally review the items in the checklist with the employee to ensure the hazards, and how to assess them, are understood. If an inspection is deemed necessary by an additional resource, arrange it in a timely manner, with consent obtained from all parties. Completed and signed checklist, including remote workplace photos, must be attached to the Arrangement.

Category	Yes	No	Action Required	Completed Date	
Workspace Conditions					
Floors					
Walking surfaces are free of obstructions and other 'slip, trip or fall' hazards?					
Free of loose tiles, or loose carpets?
